

*8mR World Cup
Royal Yacht Squadron
Cowes
20-27 July 2019*

The following 2019 regattas will also welcome 8mR entrants:

British Classic Yacht Club Week July 13th-20th

Cowes Classics Week July 29th to August 2nd

Cowes Week August 10th-17th

The Royal Yacht Squadron is delighted to be the Organising Authority for the 8m World Cup in 2019. We ran a very successful event in 2012 and hope to see old and new friends in Cowes again next year.

The Royal Yacht Squadron and its Members have a long association with metre racing and your National Race Officer for this regatta will be Jonathan Peel whose family raced 8s in the 1930s – REALITY and CARRON 2. Jonathan was also Race Officer for the 2012 Worlds. We will provide a race management team of the highest calibre and Mufti Kling who is probably well known to you all will be chairing the International Jury. There will also be a full and varied social programme to round off each day.

Our Organising Committee, led as in 2012 by David Glasgow (secretary@8mr.org.uk) would be delighted to answer any questions you may have. It would be especially helpful to receive early expressions of interest, without any obligation of course

Our website www.rys.org.uk has a page dedicated to the event and all documents will be posted here as they become available. All sailing and social bookings will be made through the website to make the process easier.

As Commodore it will give me the greatest pleasure to welcome you to our club and look forward immensely to the regatta. I wish you all good sailing in the 2019 Worlds.

Jamie Sheldon
Commodore - Royal Yacht Squadron
December 2018
