Dear Eights members, friends and followers,

Attention all members of eights.org, World Eights Foundation.

I have the pleasure to inform you, in this edition of the Newsletter, the results of some important events that have taken place in the last few months.

Since November, we have hosted the World Eights Championship, which attracted athletes from around the world. The competition was a great success, with participants from countries as diverse as the United States, Australia, Germany, and the United Kingdom. The World Eights Foundation is proud to have hosted this event and we are already looking forward to next year's edition.

Additionally, we have been actively involved in several other events, including the World Eights Cup and the World Eights Challenge. These events have helped to bring together athletes from different countries and have provided a great opportunity for them to compete against each other.

On a different note, we have also been working on expanding our reach and impact. We have been focusing on increasing participation in eights events and promoting the sport to a wider audience. We believe that eights can be a form of physical activity that is accessible to people of all ages and abilities.

If you are interested in getting involved or learning more about the World Eights Foundation, please do not hesitate to contact us. We would love to have you join us in our mission to promote eights as a sport.

Thank you for your support and for being part of this exciting journey.

Sincerely,

The new executive committee
